AMENDMENTS TO THE SPECIFICATION

Page 1, before the first paragraph, insert the heading:

Background of the Invention:

Page 2, please amend the third full paragraph as follows:

Because of this, it is known in the art to use models to determine statistically whether to admit a data stream into the network by considering all the streams of considered by the network concerned, referred to hereinafter as the traffic of the network.

Page 5, before the fourth full paragraph beginning with "The present invention aims", insert the heading:

Summary of the Invention:

Page 7, before the first full paragraph beginning with "Other features and advantages", please insert the heading:

Brief Description of the Drawings:

before the second full paragraph beginning with "According to the invention:, please insert the heading:

Detailed Description of the Invention:

Page 10, please delete the seventh full paragraph:

Moreover, in this second case, it should be pointed out that the maximum efficiency of the network ("trace" value).

At the end of the specification, before the claims, please add the following tables:
